The electronic Meeting Abstract Book will be distributed to all registered participants and will be available in the virtual platform to download.

## Networking

During the IMPC Fall Meeting 2024 time there is an opportunity to communicate with colleagues registered to the Meeting. Click on the **symbol of the envelope** in the upper right corner to access the communication platform and search the name of the person you would like to contact or use the list of participants. Your unread incoming messages from other delegates are marked on the envelope icon.

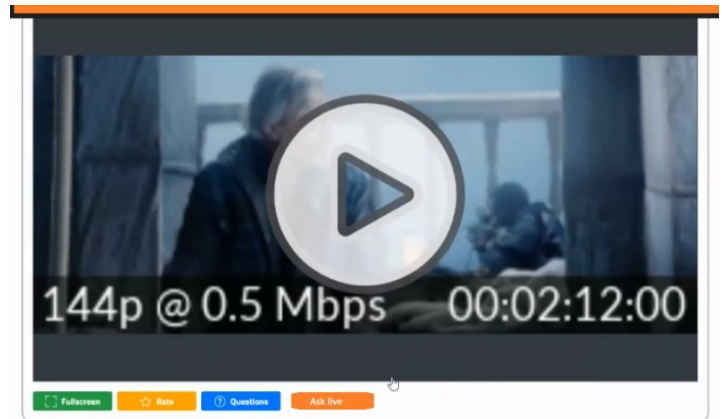

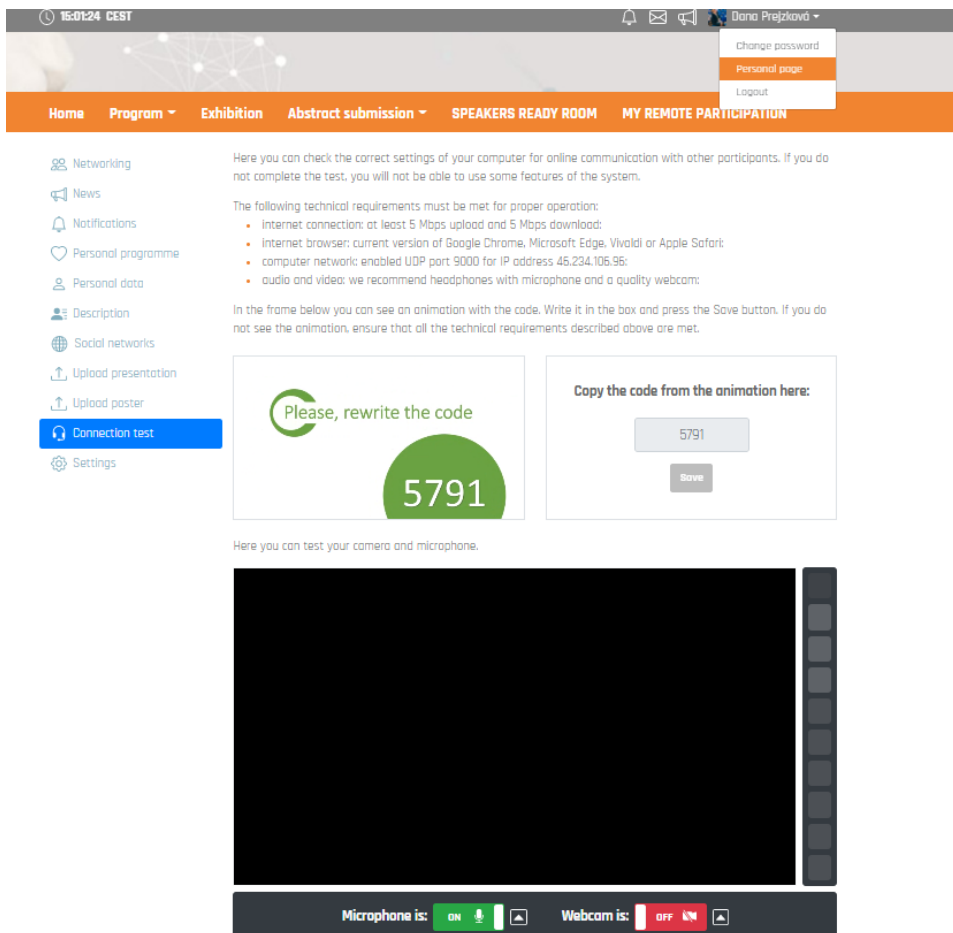

## Questions & Answers Time

Q&A's will be at the end of each session.

We invite and encourage you to send questions to the speakers. Click the Questions button in the Live Session interface. The Questions tab lists all the questions submitted to the author. You may like question already stated.

At the end of each session there will be a moderated Q&A's time. You may raise your hand using "Ask live" button and after chair's invitation you may ask your question directly. Others will hear you and see you. Please be sure there is no back-up noise than. It is highly recommended to test your device before:

A screenshot of the IMPC website's "Connection test" page. The page is titled "15:01:24 CEST" and shows the user's name "Dana Prejzková". The navigation menu includes Home, Program, Exhibition, Abstract submission, SPEAKERS READY ROOM, and MY REMOTE PARTICIPATION. The main content area is divided into two sections:

**Connection test**

Here you can check the correct settings of your computer for online communication with other participants. If you do not complete the test, you will not be able to use some features of the system.

The following technical requirements must be met for proper operation:

- Internet connection: at least 5 Mbps upload and 5 Mbps download;
- Internet browser: current version of Google Chrome, Microsoft Edge, Vivaldi or Apple Safari;
- computer network: enabled UDP port 9000 for IP address 45.234.106.95;
- audio and video: we recommend headphones with microphone and a quality webcam;

In the frame below you can see an animation with the code. Write it in the box and press the Save button. If you do not see the animation, ensure that all the technical requirements described above are met.

Please, rewrite the code

5791

Copy the code from the animation here:

5791

Save

Here you can test your camera and microphone.

Microphone is: ON Webcam is: OFF

Focused written Q&A's discussion can continue even after the live session. The discussion can be found under each abstract or presentation listed in the scientific program - access the Discussion tab in the relevant abstract or presentation detail.

## Feedback form

To value authors and active participants, meeting partners and organisers and to improve for the next edition we would kindly ask you to fill in feedback form. To do so, please visit FEEDBACK tab in [web menu](#).

## Talks recordings

Live sessions will be recorded and made available to all registered participants for viewing shortly (within a week) after the live sessions are completed. Recordings will be available for 12 months after the Meeting. Please note that also discussion dedicated to each presentation will remain available.
